

Bathurst Lawn Proposed Unveiling Protocols

All unveilings effective Monday November 23, 2020

Unveilings will be permitted, Sunday to Friday by Appointment ONLY

Families are encouraged to hold unveilings on weekdays, as opposed to just on Sunday. Sunday slots will be harder to book.

There may be NO more than 10 attendees for an unveiling and proper social distancing must be exercised. (This is subject to change at the discretion of either the Bereavement Authority of Ontario or Bathurst Lawn.) Officiating Clergy will be required to monitor and enforce all Covid-19 protocols.

Unveiling services must be completed within 30 minutes. We will be scheduling based on 30-minute intervals. The time limit is also meant to discourage socializing after the service. 30 minutes is more than sufficient time for a monument unveiling.

For everyone's safety, the cemetery building, washrooms and handwashing stations will all remain closed.

If families just show up for unscheduled ('pop-up') unveilings and if their pop-ups interfere at all in our sole discretion with a properly scheduled unveiling or a funeral, the pop-up attendees will be asked to leave our grounds immediately and they can wait outside of our gates until the area has cleared from the properly scheduled unveiling/funeral.

Priority for the scheduling of unveilings will be given to families who have waited the longest since interment or whose unveilings were cancelled due to pandemic. We will contact these families and determine their plans over the next week.

We have begun scheduling unveilings. To schedule YOUR Unveiling Please contact the Bathurst Lawn Office @ [416\)223-1373](tel:4162231373) to arrange.

There will have to be a minimum of one week between when an unveiling is scheduled with our staff, and the date of the service. This delay will allow our on-site staff to have an opportunity, regardless of workload, to prepare the grave for the unveiling service.
